2023 IASB High School Broadcasting Competition Awards Announced

INDIANAPOLIS — More than 700 students and instructors from 40 Indiana high schools and career centers attended the 20th annual Indiana Association of School Broadcasters (IASB) Conference and Awards Ceremony at the University of Indianapolis on March 13, 2023.

In addition to participating in live radio and television performance competitions, students attended workshops that addressed topics including film, video, radio, sports broadcasting, journalism and emerging media.

"Every year it becomes more difficult to judge this competition, not just because we had a record number of entries from an increasing number of members, but because the quality of the student work is incredible. There's no doubt that the future of broadcasting is very bright when you see what the next generation of media professionals is already doing. Congratulations to the students and their instructors for producing amazing work," said Scott Uecker, IASB Executive Director and University of Indianapolis Instructor of Practice in Communication.
